Product Description

Sun Guard Tractor and Mower Canopies

SunGuard universal tractor canopies are designed to safely and firmly attach to all 2-post rollbars (sometimes called "R.O.P.S." - Roll Over Protection Systems).

Our unique mounting system allows the owner to adjust the canopy up or down for desired headroom.

Measuring 37" x 45", each tractor canopy shell is made from tough 5/32" thick modified ABS plastic and molded into a rigid shape. Supporting mounting struts are heavy 14 gage steel tubing and brackets are hot rolled steel. Weight is 36 pounds.

Colors available:

- Orange for Kubota - Kioti - Hacoobsen - Husqvarna
 - Yellow for Cub Cadet - Excel
-
