Product Description

DeWalt 60V MAX* 14 In. Top Handle Chainsaw Kit

Built for the experienced tree professional, the 60V MAX* 14 in. Top Handle Chainsaw uses advanced FLEXVOLT® batteries to maximize power without the hassles of gas. Cut through an 11 in. log up to 35% faster than a 35cc gas chainsaw† with up to 2.4 HP and a chain speed of 23 m/s. Engineered to deliver optimal maneuverability while operating in difficult areas, this saw is ideal for tree pruning and removal. Powered by FLEXVOLT® batteries, this saw can make 160 cuts per charge on 4x4 pressure-treated pine†. Equipped with an adjustable oiler, D-ring harness attachment point, tooled tensioning, inertia chain brake, metal bucking spikes, and an LED dashboard, this 60V MAX* 14 in. Top Handle Chainsaw is designed to charge through demanding jobs.

Features:

- Cordless efficiency: Cut through an 11 in. log 35% faster than a 35cc gas chainsaw†
- Help maximize productivity: Slash downtime with up to 160 cuts per charge
- Fast cuts: Cut through an 11 in. hickory log in as little as 11 seconds
- Powerful performance: Tackle demanding jobs with up to 2.42 HP
- Help simplify loss prevention: As a part of the TOOL CONNECT™ system, this tool uses integrated Bluetooth® technology to connect and control your inventory
- Durable design: Take on tough applications with a cast-magnesium gearcase and an all-metal adjustable oiler
- Advanced functionality and control: Stay in control with the bright led dashboard that helps the user control unit performance
- Harness attachment point for easy navigation while climbing
- Inertia chain brake for kickback protection

Includes:

- (2) DCB609
 - (1) DCB1106
 - (1) 14" Bar
 - (1) 14" Chain
 - (1) Srench
 - (1) Scabbard
 - (1) 5/32" File
 - (1) Kit Bag
-
